

Sprint Plan 3 Template - CSE 115

Product Name: Indecisive Decider

Team Name: RNGesus

Release Name: N/A

Revision Number: 0

Revision Date: 11/3/21

Sprint 3 Goal:

- Continue work on the social aspects of the app, by integrating a feed of all your friends' decisions, as well as more social aspects of editing your profile. Also involves adding the animations and audio to the decision maker.

Task listing, organized by user story: (27 hours)

1. As a bored person, I want to watch satisfying animations so I get a release of dopamine (8) (4hrs)
 - a. Implement basic animations on the preset cards. (4 hr)
2. As a social user I want to be able to add and remove friends, so I can see what decisions have been made for them. (8) (3 hrs)
 - a. Getting back end and front end connected (1 hr)
 - b. Being able to see friends results/lists (1 hr)
 - c. Add UI to see friends results (1 hr)
3. As a user I want to be able to modify my lists so that I don't have to recreate new lists when I need to make small changes. (2) (2.5 hrs)
 - a. Editing self created list items in backend (1 hr)
 - b. Create UI for editing list items. (1 hr 30 min)
4. As a social person, I want to be able to share decisions, so I can keep my friends and family informed. (3) (7 hrs)
 - a. Add database fields for saving decisions (2 hr)
 - b. Add authenticated API for fetching feed (1 hr)
 - c. Add UI for feed of friends decisions (4 hr)
5. As a person that loves Venmo, I want the ability to comment and give a custom message to the action that will be displayed to the public :) (5) (6 hrs)
 - a. Add database fields for comments on decision (1 hr)
 - b. Add authenticated API for adding/removing a comment on a decision (3 hr)
 - c. Add UI for comments on decisions (2 hr)
6. As a user I want to hear audio with my animations so the animations have weight and feel to them. (3) (1hr 30mins)
 - a. Implement audio code for react component (30 min)
 - b. Find a good audio file and somehow match it in time with animations (1hr)

7. As a user, I want to be able to change my name or password settings so that I can update my account information. (5) (1 hr)
 - a. Changing password or email settings in backend (1 hr)
8. As a user I want a profile picture so I can express myself. (2) (2 hr)
 - a. Add to the user settings API for changing profile pictures (1 hr)
 - b. Add API for uploading images (1 hr)

Team Roles:

- Nathan Lin - Product Manager, Front-End Developer, Animator
- Mason Rylander - Back-End Developer
- Richard Choe - Full stack developer, UI Checking
- Angel Martinez-Portillo - **SCRUM MASTER**, Front-End Developer, Animator
- Qiance Yu - Front-End Developer, Back-End, Testing

Initial Task Assignment:

	Tasks
Nathan Lin	<ul style="list-style-type: none"> • 1a - make animations for presets • 6a - implement audio code • 3b - UI for modifying mix • 4c - Help with friends UI if needed • 5c - Add UI for comments on decisions • 8b - Add in user prompt for file uploads
Mason Rylander	<ul style="list-style-type: none"> • 2a - Connect front end friendlist to backend • 3a - Create API for editing custom lists • 4a-b - Add feed API/database • 5a-b - Add API/database fields for comments • 7a - Change password/email • 8a-b - Upload a profile picture
Angel M-P.	<ul style="list-style-type: none"> • 1a - make animations for presets • 6a-b - implement audio code • 3b - UI for modifying mix • 4c - Help with friends UI if needed • 5c - Add UI for comments on decisions • 8b - Add in user prompt for file uploads
Richard Choe	<ul style="list-style-type: none"> • 2a-b - Getting back end and front end connected and being able to see friends results/lists (1 hr) • 3a - Editing self created list items in backend

	<ul style="list-style-type: none"> • 4a-b - Add database fields for saving decisions and add authenticated API for fetching feed • 5a-b - Add database fields for comments on decision and add authenticated API for adding/removing a comment on a decision • 7-8 Changing profile picture and email/pass settings
Qiance Yu	<ul style="list-style-type: none"> • 2c - UI to see friends results • 4c - Add UI for feed of friends decisions • 5c - Add UI for comments on decisions
